

**Name:** VIKAS JAIN

**Title:** COMPUTER VISION ENGINEER

---

## PROFESSIONAL SUMMARY

Computer Vision Engineer with solid experience in designing image classification, object detection models using Python, OpenCV, TensorFlow, and Keras. Adept at deploying models via REST APIs.

---

## CONTACT

 9123456780

 vikas.jain.cv@gmail.com

 Chennai, Tamil Nadu

 [linkedin.com/in/vikas-jain-cv](https://linkedin.com/in/vikas-jain-cv)

---

## SKILLS

- Python, SQL
  - OpenCV, TensorFlow, Keras
  - Image Preprocessing
  - CNN Architectures
  - Object Detection
  - Flask, FastAPI
  - Pandas, NumPy
  - Git
- 

## CERTIFICATION

- TensorFlow Developer Certificate
- 

## EDUCATION

2017-2021

B.E. – Computer Science

Anna University, Chennai

CGPA – 8.8

---

## **PROJECTS**

### **Defect Detection System**

- Trained CNN to classify images for defect/no-defect
- Deployed model using Flask API

### **Face Recognition App**

- Built and integrated real-time face recognition with OpenCV
