

Name: NEHA SINGH

Title: AI/ML ENGINEER

PROFESSIONAL SUMMARY

Highly motivated AI/ML Engineer with expertise in building deep learning models, data preprocessing, and NLP solutions using Python, TensorFlow, and PyTorch. Proven ability to deliver scalable AI solutions.

SKILLS

- Python, SQL
 - TensorFlow, PyTorch
 - NLP: NLTK, SpaCy
 - Data Cleaning, Tokenization
 - CNN, RNN, LSTM models
 - Flask, FastAPI
 - Git, GitLab
 - Pandas, NumPy
-

CERTIFICATION

- Deep Learning Specialization – Coursera
-

EDUCATION

2018-2022

B.Tech – Information Technology

University of Mumbai

CGPA – 8.7

PROJECTS

Text Summarizer using NLP

- Built NLP pipeline for text preprocessing and summarization using Seq2Seq LSTM models
- Technologies: Python, TensorFlow, NLTK

Image Classification App

- Designed and deployed CNN model to classify medical images
- Deployed with Flask API for integration
